

New Scholarships

1 Big Dig Scholarships

Scholarship Value: \$3,000
Awards Available: 1
Award Deadline: December 3, 2010

To be eligible for the Big Dig Scholarship you must be currently in Grade 12 or in your first year of college/university sometime in 2011. You also must submit a short essay.

Essays will be graded primarily on originality and depth of content. Grammar, punctuation, and spelling will play a small factor.

More Info:

INSIDE THIS ISSUE

New Scholarships
Careers & Salary
Education Required

NOVEMBER 2010, VOLUME 31

Education Required

1 Industrial Electricians

1. To gain trade certification, you usually need either a four- or five-year industrial electrician apprenticeship program or a combination of over five years' work experience and some high school, college or industry courses in industrial electrical equipment.

2. Trade certification is compulsory in Prince Edward Island, Quebec and the Yukon. It is available, but voluntary, in Newfoundland, Nova Scotia, New Brunswick, Ontario, and Manitoba.

More Info (Salary, Useful Experience, Unemployment, etc.):
http://www.studentscholarships.org/salary_ca/244/industrial_electricians.php

2 Firefighters

1. To be a firefighter, you usually need a high school diploma and a college program in fire protection technology or a related program. You must pass physical agility, strength, fitness, and vision requirements. Previous experience as a volunteer firefighter may also be an advantage.

2. Training courses in firefighting and emergency medical care are provided, and vary in length depending on the different fire department requirements.

More Info (Salary, Useful Experience, Unemployment, etc.):
http://www.studentscholarships.org/salary_ca/260/firefighters.php

3 Crane Operators

1. Completion of secondary school is usually required.

2. Completion of a one- to three-year apprenticeship program or High school, college or industry courses in crane operating are usually required.

3. Trade certification as a hoist operator is compulsory in Quebec and available, but voluntary, in Saskatchewan.

More Info (Salary, Useful Experience, Unemployment, etc.):
http://www.studentscholarships.org/salary_ca/49/crane_operators.php

4 Medical Laboratory Technicians

1. To be a medical laboratory technician, you must have a high school diploma and on-the-job training, or complete a six- to fourteen-month program for technicians/assistants.

2. To be a combined laboratory and x-ray technician, you must complete a Combined Laboratory X-Ray Technology Program.

3. Most recent entrants have a community college diploma and almost 2 in 5 have an undergraduate university degree.
